INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) COMMITTEE

INTRODUCTION

The Information and Communication Technology (ICT) Committee of the institution is constituted in accordance with the guidelines of the University Grants Commission (UGC) and aligned with NAAC quality benchmarks to promote effective integration of technology in teaching, learning, evaluation, and administration. The Committee plans, implements, and monitors ICT-enabled initiatives to enhance digital literacy, academic delivery, e-governance, and institutional efficiency. It plays a vital role in creating a technologically enriched learning environment that supports innovation, accessibility, and quality enhancement.

OBJECTIVES

- **ICT-Enabled Teaching and Learning:** To promote the effective use of digital tools, smart classrooms, LMS platforms, and e-resources for enhancing teaching–learning processes.
- **Digital Infrastructure Development:** To strengthen and maintain ICT infrastructure such as computers, internet connectivity, Wi-Fi, software, and digital classrooms.
- **Capacity Building and Digital Literacy:** To organize training programs, workshops, and orientation sessions for faculty, students, and staff to improve ICT competence.
- **E-Governance and Academic Automation:** To support the implementation of ICT-based systems in admissions, attendance, examinations, library services, and administration.
- **Cyber Security and Ethical Use of ICT:** To ensure data security, responsible use of technology, and awareness regarding cyber safety, digital ethics, and intellectual property rights.
