

## PLACEMENT CELL

The Placement Cell at SGRD acts as a facilitator, connecting students with leading educational institutions and grooming them for the competitive job market.

### INTRODUCTION

The cell is designed to transform students into professionally competent teachers. Recognizing that teaching today requires more than just subject knowledge, the cell focuses on "soft skills" and professional ethics to make students "job-ready" from day one.

### OBJECTIVES

- Skill Development: To groom students in professional competencies, creativity, and critical thinking.
- Career Guidance: To provide counseling regarding various career paths in education, including government jobs (TET/CTET) and private sector opportunities.
- Campus Recruitment: To organize visits by various schools and educational organizations for on-campus interviews.
- Personality Grooming: To conduct workshops and extension lectures by eminent intellectuals to improve the communication and leadership qualities of students.
- Global Exposure: To develop linkages that may help students explore teaching opportunities not just locally, but also internationally.
