

SKILL IN TEACHING / SCHOOL INTERNSHIP

INTRODUCTION

The skill in teaching committee of B.Ed. college focuses on developing essential teaching skills such as lesson planning, classroom management, questioning skills, explanation skills, use of teaching aids, reinforcement and evaluation techniques. Through continuous monitoring and guidance, the committee ensures that trainee teachers become confident, effective and professional educators.

OBJECTIVES

- To develop teaching skills among pupil teachers through systematic training and practice.
- To organize micro-teaching sessions for improving specific teaching skills.
- To enhance communication and presentation skills of student-teachers.
- To provide feedback and guidance for improving teaching performance.
- To promote reflecting teaching and self-evaluation habits.
